Care Elevated

TEAM-BASED, INTEGRATED CARE

**Arosa is
here to help.**

Partners for Clients and Families

We serve as the eyes, ears, and helping hands for our clients when their family and friends cannot be there. Our care professionals work with family members to both craft and execute a care plan that meets the needs and wishes of their love one.

Integrated Care Services for Better Overall Care

We know that the integration of care management and home care leads to higher satisfaction for individuals and their families.

Our Care Managers evaluate each client's unique needs and create a customized plan for overcoming the aging journey's toughest peaks.

Compassionate, Experienced Professionals

For decades, our teams have served families in communities across the country. Our care professionals are experts at caring for individuals with dementia, chronic conditions, psychiatric illnesses, and other behavioral concerns.

Diagnosis Management:

Your Proactive Treatment Guide

Care Planning

We understand that receiving a new diagnosis or experiencing a progression of your condition can be overwhelming and full of uncertainties.

Let us be your expert guides through this journey, offering compassionate support and comprehensive assistance every step of the way.

DISCOVER

We will start by gathering information to better understand your unique situation, condition(s), and goals.

EXPLORE

We will ensure you are aware of and educated on your condition(s), treatment options, and optimal treatment team.

TAKE CHARGE!

With our guidance, you will confidently construct your treatment team, attend crucial appointments, and charter your course through treatment and adjusting to your healthcare needs.

Discover

1

Tell Us Everything!

Before we can truly support you, we first need to get to know you, your medical history, your goals for your future care, and in what ways we can be most supportive during this process.

Current Supports & Team

2

Our experts will collect vital information regarding your current treatments, medication regimen, and medical care team.

3

Chart The Course

We'll work closely with you to cultivate a plan that outlines how we will best support you during this process. Together, we will collaborate to customize your support and the collective or hourly cost associated with our expert guidance.

We will review your unique health needs to provide expert support.

Explore

1

Industry Knowledge & Research

Our experienced team will present you with information regarding how to best manage your healthcare conditions, treatment options, and your optimal medical team.

Collaboration

Our team of experts can help you discuss and work with your loved ones and current treating providers as you build out your treatment.

2

3

Evaluating Your Options

From critical treatments to effective healthcare management of your conditions, our experts will help you visualize and customize your healthcare decisions.

We'll do the research and support you as you weight your options

Take Charge!

1

Connection

Our well-connected experts can offer referrals to providers and/or work with your current treatment team to ensure the optimal team is in place.

2

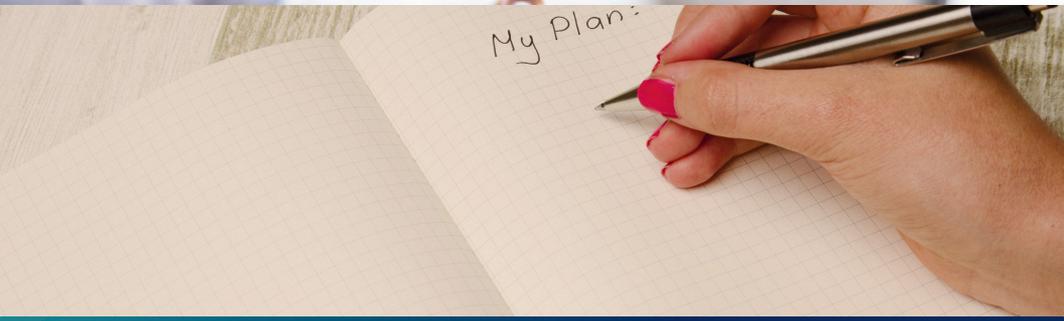

Collaboration

Our Care Managers will attend at least one appointment with each of the providers in your treatment team. Our team will document vital information, advocate on your behalf, and ensure that treatment recommendations are in alignment with your personal preferences and needs.

3

Monitoring & Planning

As appointments are conducted and new treatments are rolled out, our experts will monitor your status, report changes back to your providers, and be a constant support in your corner. As needed and approved by you, our team can also work with your treatment team to make adjustments to your care until an optimal regimen is cultivated.

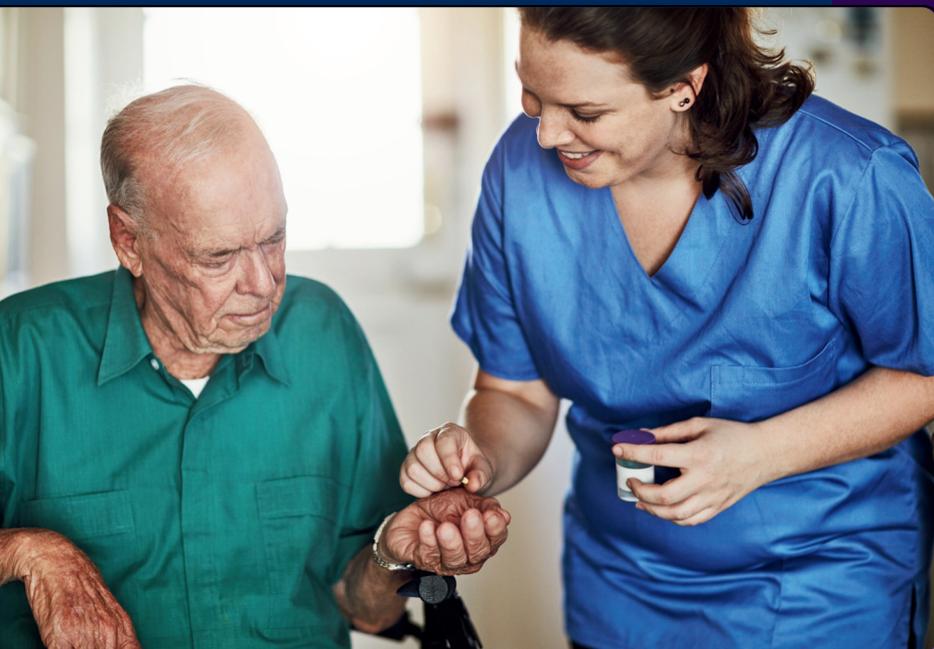

Notes

A large white rectangular area designed for writing notes. It features ten horizontal black lines spaced evenly down the page. The area is framed by thin vertical purple lines on the left and right sides.
